

Real people. Real stories. The Joe DiMaggio Children's Hospital Experience.

JASON

“We have the most incredible trauma team.”

— AMY, Mother and Pediatric Trauma Nurse

Amy, a trauma nurse at Joe DiMaggio Children's Hospital, had met the emergency helicopter many times before. But this time was different. This time, the patient was her 8-year-old son, Jason.

While walking home from school, Jason had been hit by an SUV and suffered a head injury. He was airlifted to Joe DiMaggio Children's Hospital, where his mother and the trauma team waited. Amy's experience, and her faith in her “phenomenal” colleagues, kept her calm.

“We have the most incredible trauma team,” Amy says. “I knew Jason would be getting the best care.” Thanks to the team's extraordinary expertise, and Memorial's remarkable brand of patient- and family-centered care, Jason recovered beautifully.

“I know firsthand how fortunate we are to have Joe DiMaggio Children's Hospital in our community,” Amy says. “I wouldn't want my child to go anywhere else.”

Real people. Real stories.
